Mike Onesko and the Blindside Blues Band's excellent "Tribute to the Blues" featuring 10 ass-kickin' tracks (65 minutes) of smokin', killer, down-home, raw, bluesy heavy guitar jams done up BBB-style that will rock your damn blues away. "Smokehouse Sessions" is a solid mix of way-kool "covers" & "originals" that hit hard and deliver the "Blues" message. Most of the tracks/jams are recorded live in the studio to keep it REAL. Highly recommended to fans of bad-ass, killer hard rockin' blues guitar riffage. Wave your blues guitar freak flag high with BBB on the low-down and dirty "Smokehouse Sessions" disc.
