Slackjaw is a blues/rock band from New Jersey. Founded by John Thompson and Randy Marinelli, they have created a band with a style all their own. With influences such as Joe Bonamassa, Eric Clapton, BB King, all the way to Steve Vai and Joe Satriani, they have made an impact on the local band scene. Carl Capodic soon joined the band and now Slackjaw has a brand new sound of blues and rock. Their debut album is now out as of 4/22/11!.
