Welcome the seasoned Blues Prophets! These guys have been rocking the scene for four decades and show no signs of slowing down. As a teenager, David "DW" Gill learned to play his blues harp down by the train tracks. He must have picked Jeff Davison from one of the first trains through, because Jeff keeps the band together with a steady locomotion shuffle rhythm. Follow that with a wallop dose of Doug Wainoris on heartfelt guitar, Jake Isaacson on absolute Chicago piano & organ, and Jack Tukey on a tasty bass. Absorb the timeless soul that these blue tunes bring those who listen, especially from the likes of these prophets. □ A quintessential CD for any blues fan, the band has shared the stage with many a legend; Muddy Waters, Koko Taylor, James Cotton, Eddie Kirkland, The Fabulous Thunderbirds, Professor Longhair, Bonnie Raitt and Pinetop Perkins top the long list. They still play in many great formats in the New England Area and their CD, "Keep On Jukin'" is now available! Enjoy
