Bluesville Station reach deep into the boogie bag and present high calibre blues / rock and easy rollin' travellin' tunes from down under. Original band featuring killer tone guitar riffs, ballsy bass, tuff blues harmonica, catchy lyrics and big vocal harmonies to sweeten the ride.

I listen to a lot of blues music american british. bands like the allman bros who are a hard act to follow. Bluesville Station are new to me. This is the best band Ive heard in the last decade. I would like to order a t shirt, which i will be proud to wear. an awesome band, keep the blues alive. All the best from the scottish blues scene. ---Tommy Taylor, cdbaby.com
