---

It began almost as a lark when Carlos Santana encountered his longtime friend and hero Wayne Shorter on the concert trail in Atlanta, GA, in 1987. Carlos said, "Let's start a rumor that we're putting a band together." Wayne's eyes got bigger and brighter as he smiled and then responded: "Yeah, Carlos, let's start a rumor." A few months later the Carlos Santana/Wayne Shorter Band performed its debut concert at The Fillmore in San Francisco, the beginning of a 26-concert tour throughout the U.S. and Europe. The performance of this magnificent band was recorded at Montreux, Switzerland, on July 14, 1988.
