Le Poème Harmonique Vincent Dumestre – director

Here the European period-instrument ensemble Le Poème Harmonique offers a program devoted to another of those arguably unjustly-neglected composers who occasionally turn up on concerts and on disc--and in our reviews. This time it's the very obscure, early-17th-century Italian guitarist/composer known today only by his pseudonym Il Fasolo (the bean). In the liner notes Jean-François Lattarico warns that this Il Fasolo should not necessarily be confused with Giovanni Battista Fasolo or Il Fasolo-Manelli (two other composer/musicians active around the same time) regardless of evidence that both confirms and denies Il Fasolo's relationship to each--and hence the question mark in the program's title. Surely a fascinating musicological mystery! --*John Greene, ClassicsToday*

Pełne humoru i niezwykłych pomysłów utwory dworskie napisane przez tajemniczego Wenecjanina znanego jako Fasola w pełnej wirtuozerii i brawury interpretacji świetnego francuskiego zespołu Le Poeme Harmonique. Brzmi tak, jakby to była muzyka napisana w naszych czasach, choć nagrana została na instrumentach z epoki i zaśpiewana według wzoru uczonego w akademiach dawnej muzyki.
