Kraus was almost an exact contemporary of Mozart, but he made a name for himself in late 18th-century Europe as a court composer, not a freelance musician. Kraus worked for King Gustavus III of Sweden, a great patron of music. In Stockholm, Kraus was known for his operas, works that relied on the reforms of Gluck as the foundation for a Swedish national opera. His music is harmonically rich and derives its propulsive rhythms from the stormy character of central European Sturm und Drang. Of his 15 surviving symphonies, the C minor is among the best-known. --- laphil.com
