## Peter Gundry - .Goëtia. (2018)

1 *They Came Wearing Masks* 6:24 2 *.Goëtia.* 5:30 3 *The Serpents Tongue* 4:06 4 *Lilith* 4:30 5 *One Mans Grief* 3:54 6 *The Lost Lineage* 2:54 7 *The Seventh Seer* 4:42 8 *Dance of the Damned* 3:10 9 *Human Frailty* 2:49 10 *The Sacred Order* 2:41 11 *The Devil* 2:43

Love the super dark orchestral vibe from these albums. Kind of like the dark synth rave right now, these songs are super metal but aren't actually. Superb studying music. Favorite track: .Goëtia.. ---William Owens, [bandcamp.com](https://bandcamp.com)

Another set of Eclectic songs that portray very well my Personality that is increasingly enriched with music in its various aspects and Peter Gundry is one of the responsible for this Globalization.

Goetia is an excellent example of how aesthetic and sound beauty lead us to Spirit states of Pure " Underground ", Pure Spiritual satisfaction. It's a lot of Quality ... a lot of Beauty ... ---Dark´ota69, [petergundry.bandcamp.com](https://petergundry.bandcamp.com)
