"Work with no other orchestra has given me as much satisfaction as my work, as conductor and soloist, with the SINFONIA VARSOVIA. I can say with full conviction that for many of years of working together with this orchestra, the many recordings we have made together, the numerous concerts we have played, spanning a vast repertoire of classical and contemporary music, it has always maintained the highest levels of performance. Musicians have never started a rehearsal ill-prepared. They have always been full of enthusiasm, involved in their work with precision and elegance. Music is their way of life. Such an approach is a real delight for the audience. I congratulate the musicians and their magnificent manager Mr Franciszek Wybrańczyk for their achievements, unparalleled in the history of music-making as a company."
---Yehudi Menuhin, August 29th 1991

„...they are wonderful, they are one of the best orchestras, not only in Poland. First class.”
---Martha Argerich, August 23rd 2009
