Bach - Flößt, mein Heiland 14. Gounod - Ave Maria

This is a wonderful collection of oratorio and sacred music. Kathleen Battle shines in this album. Normally, I have found her singing to be less than interpretive, but not this time. These pieced suit her voices ideally, containing significant amounts of coloratura lines without getting too heavy. A particularly stiking addition to this collection is the gospel piece sung a cappella. A brilliant album-I strongly recommend it! --- "puccinigirl", amazon.com
