Maynard Ferguson Octet is an album by Canadian jazz trumpeter/trombonist Maynard Ferguson featuring tracks recorded at Capitol Studios, Los Angeles, CA. (Tracks 1-5) April 25th 1955, (Tracks 6-8) April 27th 1955 and originally released on the EmArcy label 1955. This early triumph from the solo career of the brilliant trumpeter remains bewilderingly rare-it's an avowed West Coast-jazz classic but it's been out of print for years! Verve Records Series: Verve Originals re-issued this 2006. Strongly recommended! ---Rick Ransom, allmusic.com
