Ahmad Jamal - Rossiter Road (1986)

1 Milan 2 If I Find The Way 3 Without You 4 Acorn 5 Yellow Fellow 6 Autumn Rain 7 Winter Snow 8 Rossiter Road Ahmad Jamal — piano James Cammack — bass Herlin Riley — drums Manolo Badrena — percussion

Few of pianist Ahmad Jamal's many recordings are not worth picking up, and this effort for Atlantic boasts some fresh material and fine playing. Jamal (joined by bassist James Cammack, drummer Herlin Riley, and percussionist Manolo Badrena) performs seven of his little-known originals and the obscure "Yellow Fellow." The close musical communication by the players is, as always, the main reason to acquire this release. —Scott Yanow, Rovi

This disc sizzles for one reason: Herlin Riley, the drummer. Jamal flies, he soars across the keyboard, across modalities and changes like few others, but unlike some other discs, Riley, along with the solid, if sweating, James Cammack, on bass, provides a solid launch pad. Get it, listen, and wonder why this trio hasn't made more discs. ---amazon.com
