Although vibraphonist Gary Burton gets top billing, this CD is actually a showcase for vocalist Rebecca Parris. The material is dominated by newer "contemporary" songs and pop tunes; every song except the closing voice-vibes duet is given a routine funk rhythm. ---Scott Yanow, AllMusic Review

This is a fine recording, suitable for jazz novices, and yet some wonderful interplay with well constructed solos. It is a mix of genres, contemporary, bossa nova, swing and sensitive ballads. Both Gary and Rebecca are seasoned players, and this recording will hold up to repeated listening. ---SFMalletman, myopenmp3.com
