Like Ray Conniff, and like his versions of Country Music Hits.....I guess I like Ray Conniff's music, because you don't have to really know the words to his songs, but like he said, just La, La, and you can keep up. I like Anthony Ventura as well as Ray Conniff, but his records, etc. are much, much harder to find.....the older I get the more I like easy listening music....and I'm trying to teach my grand children to listen to music, not crap, like I see on their MP3 players.....I guess when they get my age, they will know what I'm talking about..... ---Kenny Brooks, amazon.com
