Melanie De Biasio - Lilies (2017)

1. Your Freedom Is the End of Me (3:50) 2. Gold Junkies (3:19) 3. Lilies (4:02) 4. Let Me Love You (4:08) 5. Sitting in the Stairwell (2:49) 6. Brother (3:11) 7. Afro Blue (4:33) 8. All My Worlds (6:40) 9. And My Heart Goes On (5:58)

As Melanie De Biasio explains in her own words; “For me, Lilies has a darkness, but it’s also luminous. After my experiences with (previous releases) 'No Deal' and 'Blackened Cities', I just wanted to retreat to a cave with my Pro-Tools, my computer, and my cheap, 100Euro Shure SM-58 microphone. I could have gone to a big studio, made a big production – but I wanted none of that. I wanted to go back to the seed of creativity, the simplest materials. I was in this room where there was no light, no night or day at all, no heat. Very uncomfortable. But I felt free. I was happy to have this feeling – ‘I don’t need more, I have everything I need here.’”

Lilies resonates with beauty, multi-instrumentalist De Biasio casting a mesmerising shadow over the proceedings alongside her long-term ensemble of players and will undoubtedly once again see her further the acclaim of fans both in Europe and further afield. ---
