Leszek Mozdzer - Between Us and the Light (2006)

01. Requiem 18/09 (5:58) 02. Light Up The Lie (3:47) 03. Ex Ego (5:31) 04. The O (2:08)
05. Adama (6:02) 06. Abraham's Bells I (5:24) 07. Fake Master's Hypnosis (5:45) 08.
Psalmem (4:34) 09. Eden (6:41) 10. Pub 700 (Between Us And The Light) (4:47) 11.
Abraham's Bells II (7:07) Musicians: Leszek Mozdzer – piano, keyboards Lars Danielsson
– bass, cello Zohar Fresco – percussion, vocals

Another sparkling gem in Leszek Mozdzer's rich catalogue, *Between Us and the Light* (which, as far as I know, despite its English title has been published only in Poland) sees the Polish piano genius in a jazz trio context, alongside Swedish bassist and cellist Lars Danielsson and Israeli percussionist Zohar Fresco. Like the previous album of this exciting trio (2005's *The Time*), *Between Us and the Light* has garnered double platinum award in Poland. It's not difficult to understand why. Highly recommended.
