## Michael Buble - Meets Madison Square Garden [itunes] (2009)

*1.I'm Your Man (Live from Madison Square Garden) 2.Me and Mrs. Jones (Live from Madison Square Garden) 3.Call Me Irresponsible (Live from Madison Square Garden) 4.I've Got the World On a String (Live from Madison Square Garden) 5.Lost (Live from Madison Square Garden) 6.Feeling Good (Live from Madison Square Garden) 7.Home (Live from Madison Square Garden) 8.Everything (Live from Madison Square Garden) 9.Crazy Little Thing Called Love (Live from Madison Square Garden) 10.Song for You (Live from Madison Square Garden)*

This is a compilation of some really great songs. Buble sings amazing live! I love this kind of music, it's jazz and pop combined. Michael takes the old and makes it new. This album is great. I love every song. If you don't have the money to pay for the whole album (which i highly recommend) my favorite songs are: 1. Me and Mrs. Jones 2. Lost 3. Feeling Good 4. Everything This album is really good. A must have. --- itunes.apple.com
