It's all about to get very "hair and teeth" here so in the unlikely event that you don't like Pat you'd better turn away now.

This really is a wonderful slice of jazz history and it's a great recording considering the vintage. For me it's one of the best boots I've come across not just for the incredible players and incredible playing but also because someone had the nerve, intelligence and where-with-all to get this performance on tape. --- [urge2burge.wordpress](http://urge2burge.wordpress.com)
