- Paco de Lucía – Flamenco guitar

This is a guitar only recording and an opportunity to hear Paco prior to his jazz and latin influences. Paco was around twenty years old when this was made (1969) and his early virtuosity and incredible creativity at the Flamenco guitar is quite evident here. Also pieces that have become some of Paco's hallmarks are on this recording. Such as "Guajiras de Lucia" and "Panaderos Flamencos". This c.d. will be a valued addition to your collection. Also recommended "La Fabulosa Guitarra De Paco De Lucia". ---R. Webb, amazon.com
