## Registration and login has been unlocked!

A while ago we had to lock new registrations and login options on our website due to security. This problem has been resolved therefore both registration and login are available again.

Registration is necessary for those who would like to participate in the Users Corner.

## All 'Ultimate Jazz Archive' albums are ok now!

In the 'Ultimate Jazz' collection on albums from 25 to 116 some files have been duplicated by error and replaced the correct ones. All errors have been fixed by re-uploading new files and links.

Also we would like to let you know that dead links are consecutively updated. However it requires a lot of work and time, so we ask for your patience. Currently the JAZZ category is being sorted out.

**New Sections in Music Menu!**

Please visit our two new Sections:

1. Books, Lessons, Films and learn how to play

2. Utilities for music-related software

**See new Notes in Users' Corner!**

We would like to thank ***Ernest Bomba*** for adding new Albums into the Users' Corner section.

Keep up the good work!

## Preview Songs from Albums!

To make life easier for our Guests we have introduced the following:

1. Previewing of two or more Songs from given Album - Just click 'play' Button next to the Name of the Song.

2. Short Description of the Performer or of the Album itself.

We are hoping this will help the Users to get acquainted with Composers they did not know before.

**Please visit the Users' Corner!**

We would like to introduce the Users' Corner . It is a place where our guests can write their own notes. We don't want to limit anyone's invention, but with accordance to the topic of our website the articles should be related to music.

User's Corner is for publication purposes and anyone who would like to publish a note can do it by choosing the 'Submit an Article' option in Main Menu. We will be very pleased if our visitors would honor us with their cogitation, opinions and knowledge.

The only condition is to register and log in (adding article is enabled for Registered Users only).
