Cynthia Witthoft [Cynthia "A." Witthoft] (born March 28, 1974) is a polish multi-instrumentist and composer, born in Warsaw, Poland but who grew up in Helsinki, Finland. This same region spawned other hardcore and metal greats.

In 1989 at age 15, she started a progressive punk band called Polish Zombies; in 1993 she began her solo career. Called "The Thief Woman", "she has a habit of take for her own use (without permission) many songs by others". She's a wonderful guitar player and nobody can understand that habit.
