SBB – Sierpien – Lost Tapes CD3 (1975)

1. *Sierpien* 2. *Atoa* 3. *Dwie Pogody, cz.I* 4. *Zandra* 5. *FOS* Lineup: Jozef Skrzek - bass guitar, harmonica, piano, synthesizer; Apostolis Antymos - guitar; Jerzy Piotrowski - drums. + (on tracks 1 and 3): Andrzej Przybielski - trumpet Helmut Nadolski - double bass.

On this disc we have a chance to hear yet another kind of music the group was playing. This session, recorded in Polish Radio Gdansk in August, 1975, shows the more jazz-oriented side of this group. With two guests featuring on tracks #1 and #3 here, they are coming close to the sound of "Group Niemen" from their period when the albums "Marionetki" and "Requiem Dla Van Gogha" were recorded.

Parts of this recording session are included as bonus tracks on discs published in the "Anthology" box set (not uploaded yet, should come here in a few days). The remainder, almost exactly 80 minutes of music, is included here.

The music presented here is mostly in the avant-garde jazz area, but not entirely. Some parts are still kept within their "rock roots"...
