End of May 1977 was a bad time for SBB. The official press announcement said that Apostolis Antymos had to suspend his concert activities due to stomach illness. The truth was more painful. In fact Apostolis did not stand the constant pressure and tension of playing, recording, public performances. He had to spend a couple of months in the mental clinic. The band still had to fulfill their concert contracts, signed before. SBB were advised to hire a replacement guitarist, but Jozef and Jerzy eventually decided to play as a duo. The enterprise was hazardous. Both musicians felt the huge responsibility, and Jozef had to take over guitar parts too. There was no time for half-playbacks, preparing ready tracks for concerts, and had to be played live. But they managed very well. A certain apogee came on two concerts: one at Tavastia Club in Finland, where the performance lasted three hours, the other at Pop Session '77 in Sopot, at Opera Lesna. --- emule-rus.net

Czyz w podanym tu skladzie zespolu nie wkradla sie czasem pomyłka??? Absolutnie nie. Na tej plycie SBB to duet, nie trio. Na wydawnictwie widnieje nastepujaca notka: "Koncert, który SBB zdecydowalo sie zagrac jako duet, bez chorego Apostolisa Antymosa. Muzycy staneli na wysokosci zadania i wprawili cala Opere Lesna w oslupienie. SBB zabrzmialo jak mala orkiestra, a nie duet! Po latach prezentujemy pelny zapis tego niesamowitego wystepu." Jedyne co mozna dodac, to ze jakosc dzwieku pozostawia nie malo do zyczenia.
