Within three years the J.J.Band has developed into one of Poland's best blues groups, the winner of many festival awards. In 2003 they issued their first CD - GOOD DAY FOR THE BLUES and in 2004 they were back with SEARCHING FOR THR BLUES. Both albums became the CDs of the year (2003 and 2004) in the annual TWOJ BLUES magazine readers' poll. In the same poll the J.J.Band was honoured the title of the band of the year 2003 and 2004.

They tour extensively throughout Poland and their shows are overflowing with electrifying power and joy. They play a combination of their original tunes from the last CD and their versions of blues standards and other songs. ---[www.myspace.com/jjbandblues](http://www.myspace.com/jjbandblues)

I was waiting for this album with great hope and curiosity. First of all, I was curious whether the band would manage to convey their stage power on a record. Having listened to the CD several times, I can assure you that it is another fine record of debuting artists. Most importantly, the album shows J.J. Band as having a much more diverse nature that what you can hear at their concerts. --- Andrzej Matysik, Twoj Blues
