Katy Hudson is the eponymous gospel rock debut studio album by American singer-songwriter Katy Hudson, who would later adopt the familiar stage name of Katy Perry. It was released on March 6, 2001 as a Christian music album by Red Hill Records. This would be her only gospel album before she made the switch to mainstream pop music. Hudson wrote or co-wrote all songs on the album. On initial release the album was a commercial failure; it only sold around 100 copies. It was re-released on iTunes on June 1, 2012. --- nhachot.info
