I've Mendes, a sensual pop jazz diva discovered by Robin Millar, the legendary producer of Sade and Everything But the Girl. Dubbed 'The Brazilian Sade', I've Mendes has already made quite a mark for herself and on every person she meets. She earned the title after the release of her debut album in Asia, which created a sensation in the recording business. Now released in the US with exclusive and tracklisting. Other Import versions are currently available, all with different track listings. Mr. Bongo. 2006. ---Editorial Reviews, amazon.com
