Recorded at the Montreux Auditorium Stravinski, Montreux, Switzerland, July 9, 2004

A Van fan from Switzerland writes: "[This is] a new VM silver bootleg, allegedly produced in Australia, but I think it actually comes from Germany, taken from [an audience recording]. The bootleggers actually did nothing to the recording (which is far from perfect) and the sound is actually worse here than on the original, bass is very heavy and distorts on occasions. Digipack, the inner sleeve has quite a few pictures, none of them from the actual show. There's even Candy Dulfer on one of them (and she was not in Montreux this year), whereas they completely forgot about the great Solomon Burke, who did a great job with Van that night."
