Wild and authentic rockabilly from Sweden!

Emmy Lou has been long active in the scene and already published with two albums their 'Rhythm Boys'.

All band members are around 20 years old and you can hear that! Fresh rockabilly that sounds anything but dusty and ordinary. The band was called at the beginning 'Little Andrew and the rhythm Boys' but 3.5 years after the founding, Andrew had to move from Sweden and Emmy followed in his footsteps. With success! ---rockabilly-rebel.com
