### Cakewalk SONAR Home Studio 4.0.1 Portable

The professional power of Sonar on your home PC. Includes a comprehensive feature set that turns your computer into a multitrack recording studio, giving you everything you need to take your music from inspiration to finished CD.

Bring the professional power of Sonar to your home PC with new Sonar Home Studio Version 4. There is no better software for musicians taking the first step into digital recording. The newest member of the Sonar family comes with a comprehensive feature set that turns your computer into a multitrack recording studio, giving you everything you need to take your music from inspiration to finished CD.

Sonar Home Studio is built with the same core features as Cakewalk Sonar 4. Its intuitive tools make it easy to record, edit, mix, and arrange professional-quality music. It includes powerful tools; built-in instruments and effects; support for DirectX, VST, ReWire, and MFX instruments and effects; support for ACID™-format loops; and much more.

#### **Create & Record:**

\* *64 audio tracks and unlimited MIDI tracks*

\* *Pristine audio quality up to 24-bit/192 kHz*
