Mojo Watson's brilliant third release contains a unique compilation of 12 original tracks. The album's multi-faceted electric blues offers up a nice helping of Mojo's 21st century blues, with an 'old school' blues foundation. ---cdbaby.com

Mojo Watson is a young Blues artist who is keeping the Blues flame burning. Easy listening modern blues, with a hint of the classic blues era thrown in.

Mojo has delved into many musical styles during the course of his life; however, it has always been the Blues that were/are a mainstay within his varied musical sphere. As Mojo puts it: he grew up in a household that was filled with roots music; where vinyl was king! ---cduniverse.com
