Phil Guy - He's My Blues Brother (2006)

01. He's My Blues Brother* 02. On Our Front Porch 03. Still Here 04. Too Young To Die
05. I Just Can't Stop 06. Back To Louisiana 07. Phil's The Guy 08. I'm Worried 09. Got My
Mind On Lovin' You 10. I Feel Sexy Musicians: Phil Guy (Lead Guitar, Vocals) Brian
Charette (Organ) Mike Nunno (Bass) Jason Arnold (Drums) Buddy Guy (Lead Guitar, Vocals)

This was released in 2008 and I have to assume this is the final Phil Guy release as he passed away in the same year. In any event, this is a fine CD full of great blues guitar and a fun one to listen to. Phil injected some humor and good vibes into this one and you can feel it. Standout tracks to me include the title track which is a duet and guitar battle with brother Buddy Guy that stretches over 10 minutes, the fun On Our Front Porch and the last track I Feel Sexy which works a James Brown groove with hot guitar for over 12 minutes and will get your booty shakin' big time. Not what you would expect on a blues CD but Phil was having fun on this track for sure! Overall, a nice finish to a long career from a man who spent many years in a support role and was overshadowed by his brother but was able to occasionally shine as a solo artist. This is one of those highlights and we will miss Phil Guy.

Summary - solid blues CD with some standout tracks and some fine guitar from a long time Blues Brother. ---6 String Guy, amazon.com
