Hi Yu'all... for those who have seen our last few gigs, you'll notice that the stage is a little more crowded than usual. Yep, it is! We're now a "4 Piece Misipi."

Over the last few CD's, we've been adding more and more mandolin, harmonica, 2nd guitar, piano, and harmonies, so we thought that we should add another member to try and reproduce that sound live. So I called up a mate of mine, Mr Wayne Leffler, who I've known and recorded a few time when he was in Cold Comfort, I even recorded his son Joel. Wayne comes on board with his mandolin, harp, guitar and his growlin' "oh so wonderful" voice, making our sound just so much more layered on stage, we're very happy (he should have joined us 5 years ago!!). We'll be playing more next year,we promise you,with Wayne on board,we now have 2 folk fetching for work.. looking forward to that, exploring more of our songs as a 4 Piece.

We're going in The Memphis Blues Challenge again this year. Wish us the best. Better still, be there for support on our quest to go to Memphis February next year. Jeff is going to Memphis + Nashville Feb next year anyway to try and drum up some Misipi interest with US Record labels and try and get a few of his songs covered by other artists and maybe write a few new ones in Nashville! --- mississippishakedown.com.au
