When the Kinsey Report signed on to back their father for *Can't Let Go*, the group was at their peak, so it would have made commercial sense for the boys to move their direction. Fortunately, they went the other way, choosing to stick to Chicago blues. The Kinseys don't play it straight, however, they rock it hard, which energizes Big Daddy and makes *Can't Let Go* a thoroughly enjoyable collection of hard-rocking contemporary Chicago blues. ---Thom Owens, AllMusic Review
