Harmonica master Charlie Musselwhite's life reads like a classic blues song: born in Mississippi, raised in Memphis, and schooled on the south side of Chicago. A groundbreaking recording artist since the 1960s, he continues to create trailblazing music while remaining firmly rooted in the blues. His worldly-wise vocals, rich, melodic harmonica playing, and deep country blues guitar work flawlessly accompany his often autobiographical and always memorable original songs.

Over the years, Musselwhite has released albums on a variety of labels, ranging from straight blues to music mixing elements of jazz, gospel, Tex-Mex, Cuban, and other world music, winning new fans at every turn. He has shared stages with countless blues and rock musicians and was inducted into the Blues Foundation's Blues Hall of Fame in 2010. He has also been nominated for six Grammy Awards and has won 24 Blues Music Awards. His latest album *The Well* (2010) is perhaps the strongest, most intimate album of his entire career. How do you describe a living legend who's every bit as on top of his musical game as he was 40 years ago? The San Francisco Chronicle does it well: "Charlie Musselwhite's harmonica playing shows taste, bite, restraint, and power. He's one of the best, and as a bluesman, he's as real as they come." --- bbkingblues.com
