"Most of the people who come to hear us want to hear stories of their own experiences. That's what we give them." - Otis Spann

The music of Otis Spann is immediate and urgent. Completely clear in its content. Otis is one of the great and thoroughly authentic blues storytellers. Into his blues piano playing Otis put his soul. As part of the Muddy Waters' band he could frequently be found in Chicago's south side performing nightly with Muddy. --- artistsonly.com
