Great Performances 86)

I purchased this CD as the shame of not having Vivaldi's Four Seasons in my music collection became too unbearable. Also, i wanted to test out some classical music my new speakers and amplifier.

The CD offers a quality recording with only a soft hiss in the background (barely perceivable). Overall, the recording captures the space and imaging of the performance quite well.

The synopsis on the CD cover really says it all: "Critically acclaimed recording of the basic repertoire." ---- Dave, amazon.com
