London Symphony Orchestra John Geogiadis - solo violin Stanley Black - conductor, 1977

This is a very fine recording. The music is very exciting and the selections are paced very well. Mr. Aram Khachaturian is excelent at bringing the local curtual color into his compositions. In spite of Soviet restrictions on a composers "political correctness" the genius shows through. If you like Prokofiev, you will find this one to be very much to your liking. --- Scott Marchington, amazon.com
