Wonderful live recording with his then current project (Los Socios del Desierto). Sound is tight and heavy in the style of his previous studio album with this group and far from another their live album (unplugged Estrelucia). Some songs are new, but here they performed 2 tracks from Spinetta y los Socios del Desierto, 2 from Almendra days and 2 from Pescado Rabioso days. By the way, this project reminds me Pescado Rabioso if it's necessary to choose. Title track is instrumental and album is 65 minutes long. To my mind, it proves that Spinetta is still a creative person and second to none in South America. --- Mikhail Zverev, amazon.com
