Digitally remastered and expanded edition of this 1977 album from the '60s hitmakers including nine bonus tracks (two of them previously unreleased). Only Light on My Horizon Now was their one and only LP that they recorded for the seminal Target Records. Original LP artwork, highly detailed liner notes plus pictures of all the relevant singles are a feature of the packaging. Includes the UK #9 hit single 'Falling Apart at the Seams' which also hit the Top 50 in the U.S. 7Ts. ---Editorial Reviews, amazon.com

'The only light on my horizon now' - Target TGS 501 (1977). Issued a year after their swansong hit that features as the final track here. Hardly worth the effort of typing out the long titles of these numbers. Soft poppy ballads with more strings than guitars. Definitely not for the 'Radancer' fan. Five numbers by Tony Mccauley (he owned the label and incidentally wrote 'Baby make it soon'), six by Newman and one by Watt-Roy. --- .rockingscots.co.uk
