Neil Murray (Whitesnake, Queen Musical) - Bass Greg Smith (Ted Nugent) - Bass Paul Logue  
(Eden's Curse) - Bass Patrick Johansson (Yngwie Malmsteen) - Drums Thomas Broman  
(Glenn Hughes) – Drums

Titled "As Yet Untitled", this is the debut solo album of Scottish vocalist Doogie White, mainly known as frontman for acts like Rainbow, Yngwie Malmsteen, Cornerstone and (currently) Tank. For the writing of the material he invited some good friends that he has made over the years and the result is a classic hard rock album, counting ten tracks. About the title, White says: "I always thought my first album should be called like this. The journalists at Sounds and Kerrang! always had a line that so and so were in the studio recording an album, as yet untitled ... Well, now I have actually done that." For the recording of the songs, White also invited a lot of guests (see the list on the left-hand side). On certain forums I read that the album sounds like AC/DC, but that's only the case on two tracks, of which "Catz Got Yer Tongue" is the most distinct example. For the rest, this is just an enjoyable album. Nothing more, nothing less. ---
